

Instrumentation

Relief Valves

RV-1

- For moderate capacity applications
- 0-1.4 MPa range
- Male 1/4" NPT inlet, other sizes available
- Optional female 1/2" NPT outlet, model RV-1D
- 316 stainless steel construction
- CV .890

RV-2

- For high pressure, low capacity applications
- 0-14 MPa range
- Male 1/4" NPT inlet, other sizes available
- Optional male 1/4" NPT outlet, model RV-2S
- 316 stainless steel construction
- CV .038

RV-3

- For low pressure, high capacity applications
- 0-1.4 MPa range
- 316 stainless steel
- 1" NPT outlet
- CV 1.18

Check Valves

CV-1

- 1/4" MNPT inlet, 1/4" FNPT outlet
- 316 stainless steel construction
- Check valves are available in various port sizes and types

CV-1F

- 1/4" FMPT inlet and outlet
