

HALDATEC PRODUCTS & SERVICES

ABOUT OUR PRODUCTS

Haldatec has developed a range of products and services that provide solutions to problems in a wide range of applications predominantly in the Oil, Gas and Petrochemical industries.

We have found that customer needs are best satisfied by offering solutions to problems, rather than just catalogue items. So, if there are needs that are not being satisfied, ask us.

This product listing gives an outline of our areas of interest. If the product you are looking for is not here, please ask us.

Current product offerings are supplemented by original concept, design and production of individual products and systems. Our products are fully backed by our service facilities.
