THERMOWELL

ABOUT US

Since 1990, Haldatec has been providing products and services to the Oil, Gas and related industries in Australia, Pakistan, Singapore, Papua New Guinea, India and New Zealand.

ENPRO

Our house product label, EnPro, has been developed to complement our core business and has been driven by customer needs. Our comprehensive range includes innovative designs, adaptations and applications introduced to solve problems for our customers.

STANDARDS

To ensure we provide the best possible support for our customers and suppliers, we have certification to ISO9001:2015.

The EnPro range of thermowell probes are designed to collect temperature data from a flowing process and comply with ASME PTC 19.3 TW-2016

OPTIONS

The thermowells are available in a wide range of materials and finishes. There are several options available that include variations in:

- length
- size
- process connection – type and rating
- material
- tapered or parallel shaft
- PSC vortex suppressing tip (for high velocities)
- One piece or welded
- Customized designs to suit RTDs
