

LPGSC – LPG SAMPLE CYLINDER

ABOUT US

Since 1990, Haldatec has been providing products and services to the Oil, Gas and related industries in Australia, Pakistan, Singapore, Papua New Guinea, India and New Zealand.

ENPRO

Our house product label, EnPro, has been developed to complement our core business and has been driven by customer needs. Our comprehensive range includes innovative designs, adaptations and applications introduced to solve problems for our customers.

STANDARDS

To ensure we provide the best possible support for our customers and suppliers, we have certification to ISO9001:2015.

The EnPro Liquid Petroleum Gas Sample cylinder has been developed specifically to take samples of LPG from standard LPG vehicle dispensing pumps, at retail bowsers.

FEATURES

The Cylinder has a self shut-off valve to limit the size of the sample to 80%.

It can be easily cleaned via valved ports at the top and bottom of the cylinder.

Transportation is safe and easy with valve guards on the top and bottom of the cylinder and for the fill nozzle, plus an in-built carry handle.

Standard capacity is 7 litres gross.
Other sizes can be accommodated.

SPECIFICATIONS

Vessel	Stainless steel
W.P.	2.55 MPa
Design code	AS 2971
Capacity	7 litres
Shut-off valve	Stainless steel
Relief Valve	Stainless steel
Isolating valves	Stainless steel
